***P3a. Description:** (Describe resource and its major elements. Include design, materials, condition, alterations, size, setting, and boundaries.)

Building N-246 is a simple two-story warehouse with a concrete foundation, steel-frame structural system, and flat roof. The building has a corrugated metal exterior and features full-height sliding steel warehouse doors along the main façade (west). The building has no fenestration and is accessed through a steel entry door on the north and south façades. An overhead steel door can be found on the south façade. To the east and adjacent to the wind tunnel, there is a five-story corrugated metal tower with industrial steel sash windows. This building has been used for metal fabrication and machining. It is 37,890 sq. ft.

This building appears to be in good condition.
